WORK EXPERIENCE

Goyani Technology Services | SDE   Gujarat, India | November 2023 - Present

- Collaborating with a team while independently managing a project for Kotak Bank, focusing on the onboarding journey for current accounts.
- Developed and maintained the front-end of an online banking platform to streamline the process of opening current accounts, integrating features like biometric verification and Aadhaar API for fetching user data.
- Implemented additional functionalities, including GST validation, nominee/guardian addition, BCIF data error handling, and add-ons such as FSSAI integration and preferred number selection, along with credit and debit details management
- Led a 6-month client-side Express Project, building a testing platform for iOS/Android apps with AI-driven issue detection and end-to-end testing workflows.
- **Tech Stack Used** – Next.js| React| Javascript | HTML5 | CSS | Azure | Git | GitHub

Goyani Technology Services | SDE Intern   Gujarat, India | April 2023 - November 2023

- Gained hands-on experience in software development by contributing to web applications using React.js and JavaScript, ensuring responsive and user-friendly designs.
- Assisted in code reviews, bug fixes, and feature enhancements, improving code quality and performance.

PROJECTS

Emaily | Link   *Next.js, Tailwind CSS, Redux, Node.js, MongoDB*

- Developed a fully functional and responsive e-commerce website from scratch, focusing on delivering a seamless user experience and robust functionality. The platform allows users to browse products, add items to their cart, and complete purchases securely. Key features include product filtering, user authentication, and a dynamic shopping cart.

- Mentored junior developers, resolved their coding doubts, provided better coding ideas, and guided them toward effective solutions and database normalization.
- Volunteered at an English club, teaching English to individuals from diverse fields.
